### TUESDAY, JUNE 11, 1974

The program for today will be staffed by certified athletic trainers who will assist the students that visit their station in the taping and treatment techniques they have found successful in their programs.

Supplies will be furnished so the student can practice the techniques shown to them by the staff member. The staff member will do all he can to assist and answer questions of those who visit his station.

- A) Ankles
- B) Knee
- C) Hamstring and Quadriceps
- D) Shin Splints
- E) Shoulder and Elbow
- F) Wrist and Hand
